

ARCHANGEL MICHAEL ASSIGNMENT

Cyclopea—

We have added the Sameal group to the Persecuting puffin description. The students who fall under the evil of the fallen angels there do not navigate to return to Christ Church. They have been told to either return to The Summit or to find a Christian Church, they do neither.

What El Morya did was to try to remove his former students there, they would not leave. The group had #12 of the Karmic Board to sponsor it in addition to Sameal, the fallen angel as the reason for the long sponsorship. He himself was giving discourses there. Number 12, Sameal, Omraam, their following hierarchs and other lieutenants have gone to the second death.

El Morya asked the Karmic Board for karmic percentages to help students. While he asked for them as guidelines, it was Zarathustra who went to the Karmic Board to return with what they were. El Morya is not responsible for the percentages you received. These were issued by the Karmic Board.

They were onerous for some. It was the Karmic Board's decision in the matter. You know yourself that #12 on the Karmic Board. Some took the karmic percentages and did indeed accelerate in their chelaship. Those who denied Christ in El Morya, Zarathustra, Victory¹, Mother Mary, who ministered to them at that time, made an additional karma. Some look upon their SPP karma with disbelief. The Chicago group was given a mere 7% that they could balance in one weekend. The disobedience to Hierarchy by ignoring Mother Mary cost them a greater karma. Then even she cannot intercede, they have free will. Those who came under Sameal would have in addition to demons, learn the Satanic ways to pick-and-choose what they would do of Christ mission.

¹ As of late 2013, Victory went for healing.

Mother Mary—

I ministered to one couple. One spouse pulled out a knife and threatened the others to coerce. This violence is seen in those who went to learn of the fallen angel teachings such as taking the conscience or morality in the Holy Christ Self off the I AM Presence Chart as central in their lives.

These who learned of the fallen angel ways, who have found this violent thinking or have countered El Morya by taking on Satanic ways will have this challenge the remaining years of this embodiedment. They will want to balance the karma with fallen angels that they not be found in subsequent embodiedments being claimed by them. Time and time again, it was said to the staff at headquarters, if you do not send in a blank email, the false hierarchy claims you. Since that time, they have not been able to reverse this condition, they only made deeper inroads into the false hierarchy as pinnipeds.

Another couple practiced coition with a whip that I counseled to them. They chose the false hierarchy instead. This couple likewise in addition to removing themselves as pinnipeds from the false hierarchy, for the remainder of this embodiedment, must watch daily for the attitudes of Satanic rebellion.

In one couple who had followed Samael's teachings—the one took pictures of the other and sold it to the pornographic trade. The other continues to think if someone is "in the teachings" who knows the terminology that she will be considered safe. They have taken on not only the words of Samael but the rebellion of the fallen angels.

Thus you have heard the teaching, that those at the Samael group will decide what of the Ascended Masters teachings they will teach. They will not raise their right hand in judgment of my Son and Jesus is not welcomed there by taking the Holy Christ Self off the I AM Presence chart. They serve fallen angels not Jesus Christ. They were tempted to bow down before the fallen angel Samael or Omraam and the kingdom be given, and that is for the temptation of glamour that they have accepted as their freedom of religion.

ARCHANGEL RAPHAEL AND MOTHER MARY—

This rebellion will be in history no different than the fall of Maitreya's Mystery School that is a major decision these former students of the Summit Lighthouse are making. We have said this time and time again, to leave off the pick-and-choose what you will do that Hierarchy asks you to do. Do not simply hit the delete key when you are asked to come to the Archangel Michael Assignment. There you make the mistake that this is unreality when the Archangels have the role of being a ministration to you², and you would deny that the Archangels have this role? Only the fallen angels think

² Mother Mary is an Archangel.

in this rebellious way, the karma is great.

Thus anyone with the Satanic rebellion, anyone with the Peshu Alga rebellion³, who have taken on the teachings of the fallen angels, will for the remainder of their years must continually watch and guard themselves of these thought patterns.

MOTHER MARY—

One takes on demons and the fallen angel ways or Satanic rebellion and the other has not⁴. The one they married who had been working on the Christ path is now with a Satanic or Peshua Alga rebellion or has the continual butcherbird demon for example.

Another example is the one spouse is alienated from them in a ignorance of the rebellion and karma made and will say he is a continual positive thinker and does not think of the negative.

Another example is one who takes on the other's karma by assent for being with the one with the rebellion. I am speaking of the karma being not hundreds of years but of the thousands of years. My advice is predicated upon this understanding—that they divorce, that but for a few decades of being separated from such a spouse in the remaining years in this life, they could be free of such a long karma-balancing of thousands of years. The karma is not a light one, it is heavy.

These are the difficulties in the counseling of couples whether they stay together or divorce. They have the demons or aliens in the house who take up residence there. The other spouse has the continual Satanic or Peshua Alga rebellion that the other spouse must listen to daily. These couples continue to deny before the Archangels that they live as separate people in a household and feel the loneliness and the meaninglessness of their existence being with the other spouse.

Malachi—

I said of some last year, Samael removed the Holy Christ Self on the I AM Presence chart. In the place where Christ ought to be, what has been replaced by the fallen angel, in its place instead, there is antichrist.

It is a belief and value system these adopted that they would throw away their decree books. They would not read any of the works by the feminine Messenger, they would only listen to the long discourses of Plotinus and the dictations of Samael.

Plotinus was denounced by the Christian preachers.

³ Peshu Alga rebellion is a continual questioning. It is doubt, fear, human questioning and always looking at matters to have a sense of injustice. Lord Maitreya has additional teachings later.

⁴ Mother Mary speaking on couples' counseling.

He would talk about the glories of the heaven worlds and leave the rest of humanity to suffer. This is anametha to Jesus' teachings on feeding the lambs of God on baptizing to the nations, and the Great Commandment to love one another.

In this state that seeks not to be placed on the cross of Christ, is how the students returned to the Summit. They came to the first Archangel Michael Assignment. It was however too little and too late when they did not themselves understand that antichrist was where Christ ought to be.

We asked some of these to do frammage, a means to talk to the soul. This helped but essentially what has to happen is that these need to walk the path of Christ. Absent this, I see more divorces among these couples not less.

I am giving you a realistic outlook. There are some who obey El Morya and will suffer to obey. Then you have these who act as the pinnipeds of the false hierarchy. Some have been taking higher positions in the false hierarchy and we say this is antichrist, and they say, "No. We are Ascended Masters students."

Cyclopea—

What you can do then is to realize that you are not safe. If you have been given a demon to work on in this Archangel Michael Assignment, it arrived there in some manner. You must throughout the remainder of this life, be on guard. There is no reason to allow full possession. Even the warning to some that they would have full possession in nine months, did not cause them concern, they would ignore Hierarchy. It is a delusion to think that if you have served in the Christ Church for a decade or more, you think this is enough a safe passage onto eternal life. These have not accounted for the fact of the fallen angels. Rather, some have since become fully possessed of demons. Those with the sex gender changes do not desire to come to the altar for ministrations. Neither those who go to the prostitutes of life. They think it is a matter of freedom of religion but it is having antichrist where Christ ought to be on their I AM Presence chart.

Yet they have time.

Even the SPP have time. As long as you are still in embodiment, you have time to balance the karma, to learn of demon possession or the SPP persecuting of others. You can do your Astreas daily that you find yourself not in these states of demon possession, rebellion, the dweller on the threshold and narcissism.

The following made karma. The SPP (Suern Persecution Priests) excommunicated the Keepers, closed down study groups and staff were routinely persecuted. Sanat Kumara pointed out the three Devils: the Great Whore, the Accuser of the Brethern and False Prophet.

At this Archangel Michael Assignment, we will at a later time discuss karma and how to balance it. Those who wrote books must remove them. The Summit was a vehicle to bring about the teachings of the Great White Brotherhood. To include your books is another form of the Persecuting puffin that attaches to the organization of the Great White Brotherhood organization to

have your opinion heard. Those of the false hierarchy groups with their CDs and websites must remove their false teachings while they have time. They have gone before the Four and Twenty Elders and know the consequences.

Some of you have been told by the cosmic councils of karma against the lineage, some even told they would be going to the second death. We will say that the lost of the Summit Lighthouse dispensation has changed this. However the karma has been made. The ones who stay with the spouses of these would nevertheless take on the karma by their assent.

The karmic percentages given by the Karmic Board will be put aside for now. The karma we will speak of at another time.
