

Transfer A Living Flame

MALACHI

It is not the outer appearance that is important but that you feel the presence of the Holy Spirit when your duty is transfer the Light of the altar through the eternal Word that contains light. The words contain light, they are words that can dispel darkness. They can inspire and though it does not seem to you that you can inspire, it is the holy words that inspire. Try to give the examples aloud that you might feel the flame of the Holy Spirit.

These sermons are vastly different than what you learned from Elizabeth Prophet. She looked to you to be professional, she had ministers put on make-up to be in front of the congregation and cameras.

There are political events in the *Tough Faith* book to ignore, but that you see how these radio show talk host connect with people. The *Know What You Believe* is by one who went to the colleges and talked to the students to try to impart truth, it was not a reading of the story of Christ's life on a calendar but answering their questions. A religio is one who lives an occupation thinking of God, he thinks of the questions others will have that require them to know answers to be on the path of Christ.

MAGDA

You will not know whether this week the Holy Spirit will be giving the sermon. How is it that you will begin your sermon? Realize that Jesus and I will be overshadowing you when you give the Word and teaching of Christ. Surrender to the Will of God and see that the Word is a living flame, you are transferring a flame and the Word. That Holy Spirit of Jesus Christ is what you look for, listen for, have your heart opened to receive what is that Holy Spirit.

You are as the women who went to the tomb of Jesus to see and to recognize that the Christ has been resurrected. What is worldly is resurrected into Christ ascended. The Word then is a higher Light you are looking for. You are as those Marys who went back to the people and said "Jesus Christ has risen" and went to speak and speak of that resurrection. The witness you give is how that Word transforms people. The parables are that, the stories are that.

You are then speaking of the Christ flame, and they receive that increment of Light that you are passing on to them through your witnessing of the Holy Spirit of Jesus Christ.

JESUS CHRIST

What you must transfer then is not only the Word that is weekly, you are transferring the scripture that they must be able to hear into the centuries and millennium. You can repeat the King James version of the Bible words over and over again if you think they have not heard the words. The words then are

scripture that will help them to live their life, today, tomorrow and into the centuries.

CYCLOPEA

Any told to study the sermons of Mark Prophet and to deliver them this way, you are to learn how to give sermons as this instruction we are giving. Mark Prophet has gone to the second death. What truth is in the gospel of Mark and the work of Paul the apostle, we will use, however, these teachings of transferring the Light of the altar is not limited to only these.

The sermon teachings we are presenting teach you to transfer the Word as a flame. Practice will become habit. Even leading decrees do not happen automatically but requires practice.

It is not a recitation of the Bible passages, it is the speaking to another and answering the questions another has of God and the path. You are raising them to the level of Christ to help them with the difficult issues of their life. Though you may live a peaceful life, souls are being lost, and you are cultivating the Word in them that they will be able to on their own raise up themselves hearing the words of scripture that you transfer to them in wisdom, in teachings.

You are transferring the light of the altar that is not the temporal but eternal message of what to do with their problems of the day, what is the Christ walk to learn to deal with their affairs, to walk with Christ and Mother Mary. This is not something found unless you take them through the Christ walk that they find such concepts as the transfiguration, the raising up of the dead to life, the initiations of the Mother, the tests and trials of the soul. They do not arrive perfect, they learn of striving. They are inspired by the miracles of Christ that one has to look toward a life of eternal life if they would strive for Christ perfection. It is not rote of rituals but one of seeing initiations, tests passed and lessons are learned. You are not saved and baptized and that is the end of your religious experience, but week upon week the inner Summit University teachings come forth, that they are on a walk with Christ. All about them is a life of death, loss and dying, it is love, Light and hope that you impart to them.

Gnostic Gospels

Source: Tough Faith, Trusting God in Troubled Times, Janet and Craig Parshall, 1999, Chapter 5

The Gnostic religious philosophy has been difficult to define precisely, but it basically claimed to possess secret and mystical truths about God, placed Jesus on a continuum along with all of the prophets, and led to acts of self-denial as a means of becoming one with the divine. The Gnostics recognized non-canonical writings as inspired the so-called "Gnostic gospels", and their influence would continue to plague the Christian Church for centuries. In order to resist the deceptive teachings of this philosophy,

CYCLOPEA

The Gnostic gospels do not carry a dispensation. The King James version of the Bible and the four gospels do. We have had no comment on the Gnostic gospels, it simply does not have a dispensation.

Elizabeth Prophet had free will and could teach on macrobiotics, the Gnostic gospels or other activity. However teachings not sponsored by Sanat Kumara lineage are teachings that we will not teach on. .

Such teachings are not to be equated ones of the lineage. You must yourself be able to distinguish what are the lineage teachings that you might progress in Christ wisdom. The scriptures are timeless teachings.

The teachings after the introduction of the Gnostic gospels continued to veer off from the Christ teachings such as the Kabbalah or other teachings before the coming of Jesus Christ which brought forth a new dispensation.

Many of the older religions are intellectual without the threefold flame, such as the Hindus. They are not part of the lineage of the Christ teachings. The teachings of Sanat Kumara from 1979, the Archangel Gabriel Pearls of Wisdom, the teachings of Christ must be preserved in this mission and not be lost. You will recall that after the introduction of such as the Gnostic gospels, Kabbalah, five secret ray Buddha teachings, how difficult it was to keep the community protected.

These are serious times. It has been 15 years since the departure of the Messenger and there is not the hearing of the Word of Christ.

When we say you have demons, and you must do the 12 Elohim and 12 Archangel Assignment, you do not do it. We say this dispensation only comes forth in many tens of thousands of years. What can be said then, such great assistance comes to you, you do not look upon it as a grace?

This is Maitreya's Mystery School.

Do not fail.

Call to me. I will give you assistance and vision,
