

## The Negation of Life on Earth

Taught By  
Archangels, Elohim and others of Hierarchy  
of Page 2j of *A Bible Story*

In this world, you find negations of the Christ walk. There is hatred and prejudice of religious people, there is atheism.

Archangel Michael says, "The chord that will unify and regenerate, that speaks of faith in every moment of doubt is understanding. Do not be afraid of hearing this reading as we speak of fallen ones. Of what value is faith?"

What we may call faith can accomplish its purpose. What we may call a positive faith is if it continually seeks the exemplification of right acts. Yet, this type of faith in right action may not always defeat doubt "on the instant." What you have remembered as a soul does not counteract this negativity as it is already in the world. You are convinced against your will when atheism is taught in the schools."

Archangel Michael continues, "You will not be able to withstand the haughty arguments of the tempter."

He asks, "Why is atheism in the world, beloved ones? After all, thought and feeling are divine gifts; and whether or not they are misused or properly used, they do accumulate. Let all understand, then, that the accumulation of doubt is a faith of sorts—your faith in negativity. It is however a faith that is conditioned. You need to verify.

What are you verifying? You are verifying that faith brings you protection, you are not verifying if God comes down from the sky that you do not see."

Archangel Michael says, "This attitude is not without merit. In a world where deceit is prevalent, it is necessary for survival. It is the will of God that you should rightly challenge with the proper faith to be built upon a foundation of higher knowledge. We do not condemn those who carefully examine a teaching before placing their energies wholeheartedly in an idea." The real challenge of life is the full realization that if a quality be of the light, it will withstand the testing of life. Once this is understood, life is emptied of negation; and through a recognition of the purpose of the challenge, man is at last strengthened in his faith, not unrighteously but rightly so.

Whereas some have gloried in what they have called their faith, they have not always been able to accept the idea that those who possess doubts actually have a faith. They subject all things to a

thorough analysis. They challenge of reality and they are testing of life of whether God exists.

We do not eschew this type of faith. Rather understand what is by divine decree."

Elohim Virginia says, "Blessed ones, there is a very real reason why the Lord God Almighty forbade the intercourse of the lightbearers with the fallen ones—because it is the commingling of the body of death with the body of Light. It is the commingling of the seed of the not-self with the seed of Christ. And in that blending, in the intermarriage, there does come forth the half-breed that always contains the tie to the Evil One, even while it is endowed with that Light. And this ought not to be!

You cannot fellowship with darkness and arrive at the point of Light! And whatever the sacrifice, you must deem that your determination to be who you really are is greater than whatever temporary gain may come to you through economic or political association and interaction with fallen ones. For when you bind yourselves to them, you immediately take upon yourself, not only the weight of their individual darkness, but you take on the entire momentum of this interplanetary and intergalactic conspiracy."

Sanat Kumara says, "You see how the science of the laggards and fallen angels are of an advanced science. I come to reveal the way of the sacred science of the Mother whereby you, the quickening Spirits, will to embody the four faces of Christ. The eyes within, the eyes of the soul that can recognize evil, are the eyes of Mother, delivering the energy of the ruby ray as chastening, as conceptualization, as consummation, as compassion, reunion with the ion of Being. Thus giving the judgment call is—life-giving, invigorating, infilling."

Elohim Virginia says, "Therefore realize that to the children of God is given to know the Son of God and the son of man. The soul is able to discern good and evil. Do not endanger the soul by their temptations.

This wisdom of good and evil cannot be stolen, be imitated, be mechanized when it proceeds out of the fount of the threefold flame within your heart. And without that flame and without the path of righteousness and without the living tie to the living Guru, Sanat Kumara, there will not be an effectiveness in the use of the science of the spoken Word."

Sanat Kumara says, "Before the completion of the mission of my dispensation, earth has become the crossroads for evolutions from far off places. Into the Aquarian age with the coming of the Seventh angel, Saint Germain, there have been the tares sown among the wheat, those following after the devils of the fallen angels, chiefly

Lucifer who was father to Peshua Alga in the Garden of Eden, to Satan, to many other fallen angels."

"The Aquarian age does not begin until there is judgment of the infiltration who have come to earth, of the fallen angels, the laggards in the Middle East who had come to earth only to bring the continual warring of gog and magag; the Suern and Atlantis persecution priests who have reenacted their ways. The fallen angels of Betar, Gomory, Leviathon, Lucifer, Samael, Satan, Semyaza are not judged until the latter days, also the fallen ones of the Twelfth Planet in the takeover of planet earth.

I AM come, the Ancient of Days who shall open the book of the teachings of Christ, of the Elohim and Archangels sealed with seven seals. The tempter will cause you not to listen to it. Reject not my coming in the person of Gautama, of Maitreya, of Jesus, positioned as the four Cosmic Forces, and the Mother of the Word."

### **The Negation of Life on Earth**

Sanat Kumara says: Earth cannot continue to be crossroads for fallen angels and aliens, as these have had a greater power than those already on the earth.

At the hour dawning of the Aquarian age, Alpha and Omega comes in a millennial magnitude judgment that earth is no longer host to these foreign powers.

Earth begins anew. The dispensation granted me could become what it was intended—to bring earth's evolutions out of its darkness and to bring the teachings of Christ.

See where you deny the presence of Lamb Sanat Kumara. And this day take stock where you will be in the future should you not be able to understand the temptation of evil. Aspire in following in the way of Archangel Michael, that you find the way of life of love and of eternal light.
