

**The Four Faces of Christ  
Taught By  
Mother Mary**  
of Page 497 of *A Bible Story*

Revelations 4:7—And the first beast was like a lion, and the second beast like a calf, and the third beast had a face as a man, and the fourth beast was like a flying eagle.

Who is the Calf?

You can make application to the Lord of the World, the Calf, in this way—

My beloved Lord of earth's evolutions, please consider my application to be one on the Ruby Cross path through Maitreya's Mystery School that I, too, might achieve the place of the servant in mastery on the twelve lines of the Cosmic Clock whereby my lifestream does show acceleration, aptitude and attainment.

Consider this my plea and the offering of my lifestream that I might become a chalice and day by day increase my momentum of Light on the lines of my Cosmic Clock, that I might carry your flame.

I submit this my application and my proposal that I be taken on as one under your office, that thereby in so doing I might alleviate planetary suffering and provide another reason why the cosmic councils might consider the blessing of mankind beneficent graces to the benefit of earth's great goal of the golden age of Aquarius.

In the four faces of Christ, who is the "Man"?

It is Jesus Christ who brings you the Christ teachings that you learn as scripture to guide you in life and in the everyday choices and events of your life.

Who is Lord Maitreya, the Lion?

Lord Maitreya in establishing the Mystery School provides the solution to the problem of growth and mastery. Lord Maitreya teaches that the Mystery School is for lifetime students, career students and career sons of God in ongoing Christ education.

One on a path of acceleration is in the Guru-chela relationship to learn of mastery. When one wishes to leap forward beyond the current levels of self-mastery, one needs reinforcement of Community.

Community does hold the hand of the disciple, does provide the love bond, does provide the care and the reinforcement. Yet Community can never be a substitute for self-effort or the engaging in that inner walk with God and in the

mighty work of the ages. One must have courage and determination to remain within the Community and the Mystery School and to keep striving daily.

Who is the Flying Eagle?

He is the Ancient of Days. He is the manifest judgment, as above so below. He says: Enter the meditation of the crystal sea. Enter the meditation of the jasper, the emerald, and the sardine, the first, the fourth, and the sixth stations of the cross of Christ, and prepare for the coming of the Four Cosmic Forces who will initiate you on the Path of the Rose Cross.

The Lord Sanat Kumara says: I AM in the magnet of the Great Central Sun, releasing into your meditative hearts shafts of light that are for the magnetization of your souls unto the sun center of being.

I AM he that sat who was to look upon like a jasper and a sardine or ruby colored stone. The light of the jasper is the golden light of the crown of life unto the one who opens the door of the crown chakra. I AM opening that door within you, and I AM the open door which no man can shut. I AM opening the door of cycles emanating from the great solar rings of the blue causal body of the Great Divine Director.

I AM the golden light of the mind of God, the jasper that is for the building of the wall of the City Foursquare and for the garnishing of the first foundation. Enlightenment is the foundation of the building of the temple in the Aquarian age. Even so is the jasper the stone of victory, the twelfth, set in gold in Aaron's breastplate of judgment.

Lo, I AM come to reestablish that the person of Christ might once again minister unto the people to the congregation.

I AM the Ancient of Days, standing midst the congregation of the righteous. I AM the cloudy pillar descending at the door of the tabernacle. I AM the open door which no man can shut. Let all the people who worship the Presence of God, I AM, now behold the cloudy pillar that I AM, standing at the tabernacle door. Lo, I AM the door. Let the people rise up and worship—every son and daughter in his own violet-flame tent door.

The pure heart is not enough. It is the accelerated heart that is required, the heart that is on fire for God, ruby red as the blood of Christ—now crucified, now resurrected, now ascended as the blood becomes the golden liquid light of the jasper. I AM the beginning and the ending of the path of initiation which I transfer to you through the Great Guru Lord Maitreya. I AM in the center of the rainbow round about the throne. I AM in the center of the twelve rings of Elohim, whose causal bodies adorn the Nameless One.

As proof of your path of initiation of the cross of Christ and unto the vision of the soul, I sit upon the white throne and I AM the emerald of the Holy City that you must build, line upon line.

Who is the Mother?

So you ask. "How shall I be made whole, my Mother?" She answers: I come to make you whole.

So it is by the wonder of God. It is the miracle of God based on your work and your inner work and your work again until no layers of recorded negative karma remain.

It may seem as though there is no way through the human consciousness to bring resolution to records that come up again and again. The Mother reminds you that when you are on the path of the initiations of the Holy Spirit, you will be tempted, you will also be visited by fallen angels who would tear you from your inner resolution, tear you by the sounds of their darkness—guttural sounds of darkness.

So she says to you, beloved, in the very midst of meeting the challenges of your own psyche, you must do battle with forces of Darkness who know very well what is your Achilles' heel and therefore they attach themselves to you through your point of vulnerability. They seek to hold you back in order to stop you from achieving your victory. Know that inasmuch as you have balanced much karma, they know that they cannot ultimately stop you; but they would nevertheless attempt to deter you, to slow you down, to take from you the full prize of the victory of your crown of Life.

Keep thy counsel with thy God and treasure thy oneness with thy God. And know, above all, that it is your attunement with the living Christ within you that establishes the point of your self-mastery.

When you allow yourself to stray from the God-centeredness of your attunement with the altar of God, when you allow yourself to stray from the holy precepts embodied in your decrees, you make yourself vulnerable to a broad spectrum of “contagious” discarnate entities. Do not allow these forces of the astral plane to enter your circle of identity and your forcefield. Do not allow them to cause you to lose your soul or ground.

### **The Four Faces of Christ**

Your identity, O precious soul, is the revelation that you stand in the door opened in heaven when you are the jeweled presence of Light. Let him that beholds the emerald of the throne, and of the Ancient of Days, know that by his vision, he may enter the halls of that holy science which is Truth—Truth that leads to the opening of the Holy City and the tabernacle of being.

The Divine Mother says: Do not stray from your attunement with the Holy of holies for reasons of business or busyness or mundane events that take you from your spiritual path. Honor the seventh day, the day of Church worship. First and foremost, it is important for that daily prayer, communion with the Holy Spirit, and the deep desiring for God as your reason for being.
