Revelation 4: Midst of the throne, and round about the throne, were four beasts full of eyes before and behind.

And the first beast was like a lion, and the second beast like a calf, and the third beast had a face as a man, and the fourth beast was like a flying eagle.

And the four beasts had each of them six wings about him; and they were full of eyes within: and they rest not day and night, saying, Holy, holy, holy, Lord God Almighty, which was, and is, and is to come.

Sanat Kumara says: The four beasts are the living creatures who worship the Trinity because they have come out of the Trinity, born of the One and of the polarity within the One, Alpha and Omega. I AM in the four beasts and the four beasts are in me and we are one. Whither the Spirit goes, they go. And they follow the Lamb whithersoever he goes in the heavens and in the earth.

They are the guardians of the door that is opened in Spirit and in Matter. They are the guardians of the twelve gates of the Holy City. They guard the three gates on the east, the three gates on the north, the three gates on the south, and the three gates on the west. They are the foundation of the Twelve Hierarchies of the Sun. They are the initiators of the hundred and forty and four thousand on the Path of the Rose Cross.

The Four Cosmic Forces sustain the ruby cube whereby the heart of God becomes the heart of man in the meditation upon the flame of love burning within the center. It is the Holy Ghost. The ruby cube is pure Love, fiery Love, unadulterated, unselfish Love, perpetually burning all unlike itself. Therefore the Path of the Rose Cross is of the initiations of the Four Cosmic Forces in the way of the surrender of the image of the self that the Self may be All-in-all.

Only the Self may stand in the center of the ruby cube. All else is self destroyed. Therefore the four beasts, full of the eyes of Elohim—openings unto the Great Central Sun—rest not day and night, saying, "Holy, holy, holy, Lord God Almighty, which was, and is, and is to come."

The four beasts intone the sound of I AM THAT I AM, of Elohim. Thus intoning the sound of the soundless sound, they sustain the vibration of the ruby cube in the white-fire core of a cosmos.

Elohim, Elohim, Elohim. And AUM.

Full of eyes before and behind, the Four Cosmic Forces sustain the vision of the Lord God Almighty as universal awareness of the Creator within the creation. Full of eyes before and behind, the Four Cosmic Forces are perpetually stepping down the light of Solar Logoi, cosmic messengers of Alpha and Omega positioned in the flaming yods of the galaxies. Thus they render the light, the energy of the Word, intelligible to electrons small and great in man and beast, vegetable and mineral. Their six wings hold the balance of the triad in Spirit and the triad in Matter, ascending and descending triangles.

They are the eyes of Mother and the Created Son, the Created Father, and the Created Holy Ghost. The eyes within are the eyes of Mother, delivering the energy of the ruby ray as compassionate chastening, as conceptualization, as consummation, as bliss, reunion with the ion of Being. The penetration of the ruby ray is life-giving, invigorating, infilling. It is the alchemy of the heart to every living cell of a cosmos.

The Path of the Rose Cross

Behold the eyes before and behind the throne and the hierarchy with the blood of the Lamb and the Word of his testimony. They are the initiates of the Path of the Rose Cross.

The Four Cosmic Forces initiate the Order of the Ruby Cross bringing wholeness through repentance and remission of sins. Are you saying today—
